

Dental care camp in Kamal Katesari Montessori

A dental care camp was organized in Kamal Katesaria Montessori on 24th January 2017 . Dr Tulika Singh , a reputed dentist of CHANDRA DENTAL CLINIC along with Dr Kriti Dalmia came to our school for a thorough dental check up of the tiny tots of our school. A thorough tooth check up was conducted in the presence of our Principal Mr. Subhendu Sarkar . Both the doctors motivated the children to brush twice daily and to implement this they provided them with a motivational worksheet . The camp was very effectively executed and it ended with a token of love given to students by the doctors as a package of dental care which included a toothbrush and a toothpaste and recommendations for further treatment.
